Job Description

Midwest Eye Guyz, a licensed operator of Pearle Vision, makes and sells prescription eyewear and provides the highest quality vision care experience to our patients for over 20 years. Our therapeutically certified optometrists provide comprehensive eye exams to patients, then our opticians fit, measure and adjust eyewear to fit the needs of the patients. Additionally, our opticians problem solve any difficulty the patient may be having with their glasses, contact lenses or vision care in general.

Job Responsibilities:

~Provide patients with exceptional customer service by understanding and assisting them with their optical needs.

~Guide and assist patients in the proper selection of frames and lenses by using extensive knowledge of our products and patients' prescription.

~Maximize sales by using the company's Good, Better, Best Package Pricing tool to sell premium eyewear and second pairs.

~Provide patients with a comprehensive explanation of the processing of their insurance benefits.

~Able to take measurements using optical equipment including a Pupilometers, Lensometer as well as other doctor pre-testing equipment such as Tonometer, Auto-Refractor, etc. Training is provided.

~Understanding of current company promotions, coupons and third party programs available through the company.

~Other duties as assigned.

We Offer: Great compensation, plus generous commissions and spiffs on eyewear sales that can boost your hourly wage significantly. Healthcare benefits, paid vacation, and more for full-time associates! We believe in promoting from within. Opportunities exist to give back to the community, optical missions both domestic and international.
